

### Granite Kitchen Benches & Solar Panels

Situated on a bus route and surrounded by parks and state forests, this four bedroom ensuite home is well worth a look. The home sits on a concrete slab, is brick veneer with decromastic roof and six large solar panels (to help reduce the electricity charges). The kitchen has granite benchtops, skylight and a door exit to the covered BBQ/entertaining area. A formal dining (currently office/library). The main living is separate from the kitchen/eating area. The master bedroom, kitchen and living areas are airconditioned. The 924m2 block is fully fenced with an 8 metre side access for boat or van. Room for a shed, a double carport across the front of the house offers shelter from sun and rain. Inspections by appointment.

Sustainability Declaration available upon request.
