

Walk To Main Beach & Restaurants In Minutes

Have you been searching for a stunning home on a large, level allotment in the very heart of Noosa for under \$1million?

Does your wish list include a quiet, child-safe location where you can walk to the restaurants & boutiques of Hastings Street, surf at Main Beach & enjoy a meal at the surf club without worrying about parking issues, walk to the cinemas to watch the latest blockbuster movies or be at the shops getting the groceries in 2-3 minutes?

Perhaps you are not so sure if you want manicured gardens or an easy-care, native flora landscape to admire, a lap pool or plunge pool or no pool, but you are definite that
You don't want to be in a flood-prone area
Must have space between you and the neighbours
Must be no more than 1kilometre from the beach & Hastings Street
Be within a 2-3 minute drive of the beach, shops, Little Cove & the national park and,
The site must be over 1000m & have a bushland backdrop

Sounds impossible? Until recently it was.
