After nearly two years on the market I took over this property listing and sold it only 1 week. I have 13 years real estate sales experience and now need more houseS to sell. Call Damien Page to ensure your property sells.

Featuring a new kitchen and bathroom this property offers the new owner a comfortable and enjoyable home on a generous sized 832m2 allotment.

The 3 bedrooms are all well proportioned with the master offering en-suite and built-in robes. The open living with polished timber floors allows good airflow and sociable family living.

The well established home has irrigated garden, tall and secure fencing offering the opportunity for a pool in either the front or rear yard and each of these areas has an undercover deck or outdoor area to enjoy the quiet location.

With extensive shedding not often found the drive through garage leads to a good sized shed/workshop and combined they offer plenty of storage for all your tools and toys.
