

### Masses Of Potential to Work From Home

Looking for a home where you could run a home based business? This property offers a near new low-set, brick home along with an original building. The land is fairly level, there is a creek running through the middle of the block and at the rear is a level grassed paddock. Many pools look bigger than they are in the photos but this one seriously is large.

- \* Open plan living leading to the rear, covered verandah.
- \* Study nook
- \* Walk in pantry, great kitchen with oversized gas stovetop and stone benchtops
- \* Higher than normal ceilings
- \* Large master bedroom with fabulous walk in robe and ensuite bathroom
- \* Floating timber floors.
- \* Fully screened, ceiling fans in all rooms.
- \* Gravel driveway and fenced front yard.

This home is beautifully placed for easy access to the schools (especially the Steiner), a close drive to Noosa and the beaches and cafe lifestyle which is desired. Brisbane is around an hour and a half away and the Sunshine Coast airport less than half an hour. Please
